

West borough draws second candidate

BELLE GLADE - Belle Glade's west borough commissioner is the first incumbent to draw opposition in his bid for re-election in the 1983 municipal election.

Daniel S. Bythwood, 54, qualified to run against Commissioner William A. Grear Friday, July 29 in the city clerk's office.

This will be Bythwood's third race for the commission. Two years ago, he was narrowly defeated. He has never won a seat on commission.

"I think I can help improve Belle Glade a little more than it's already been improved," said Bythwood, a human relations specialist with the school superintendents office. "And I think I'm

needed in the west borough of Belle Glade.

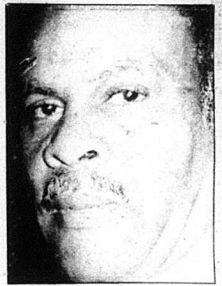

"I think I know the people of Belle Glade to work with them, talk with them, listen to their problems and help them."

He said he is primarily concerned with the problems in the west borough of the city.

Bythwood also owns a local laundromat.

So far, the west borough race is the only race with more than one candidate vying for election.

Commissioner Claude A. Tindall is the sole candidate in the north borough and Commissioner George Goforth is the only candidate in the east borough.

Harrelle dispute settled

By JEFF BROWN
SOUTH BAY - The dispute that raged between a city commissioner and the city manager, an issue that captured the interest of most South Bay residents for the past month, has apparently been settled amicably.

The South Bay City Commission met with City Manager Lomax Harrelle in a workshop session Tuesday evening, August 2, to discuss the allegations concerning

Harrelle's conduct in his position.

When it was all over, Harrelle and Commissioner Willie Marshall, the commissioner who brought the allegations before the commission early last month, agreed they could work together.

Commissioner Vernita Cox had asked for the workshop after the allegations were formally aired at the July 19 meeting. She said the delay would give commissioners to

check into the charges and to attempt to solve any problems with Harrelle personally.

She said Tuesday evening that she couldn't find any real substance to any of the allegations.

She said she checked into charges that Harrelle was using city equipment and time to complete yard work for himself and other city officials, but had determined there wasn't any truth to the charges.

"We have respected him (Harrelle) for the fine work he has done in the city of South Bay. We are asking him for some cooperation, which he has done," said Cox. "I believe in a strong city manager, and I believe Mr. Harrelle has done a good job. You're gonna give allegations about anyone you put in. He's not gonna please everyone."

"Everybody can be misunderstood," said Commissioner Rennick Morris. "We want to work with you

(Harrelle). We would like this kind of relationship. That's what we're asking. If a mistake has been made, we would like to have it corrected without coming into a public display. A hassle, and that's not good for the city. It hurts the city."

"This can be a very frustrating job," said Cox of the commissioners' role. "Some people can carry it inside. But others have to let it out. They have to ventilate it and get it off their chests. No one should feel threatened, no one should feel like someone is trying to stab them in the back, because the person is just ventilating and its good to get it off his chest."

"Like Ms. Cox said, you should open up your ventilators when the time comes around," said Marshall. "And I speak Mr. Lomax (Harrelle) and I are two guys who opened up their ventilators. Now, what I want to know is, do you think we can work

Agent approved

BELLE GLADE - The City of Belle Glade should have a purchasing department operating sometime within the 1983-1984 fiscal year.

City commissioners Wednesday evening, July 27, gave their nod to the re-creation of the department.

They estimated the cost of re-establishing the department at about \$36,878. \$36,000 would be spent for salaries, taxes and fringe benefits while \$878 was tentatively reserved for setting up the office.

City Manager Tom Strang told the commissioners that, if

the purchasing agent who would be in charge the department could save 10 percent on the total budgeted for purchases in the 1983-1984 fiscal year, the city could save about \$49,878.

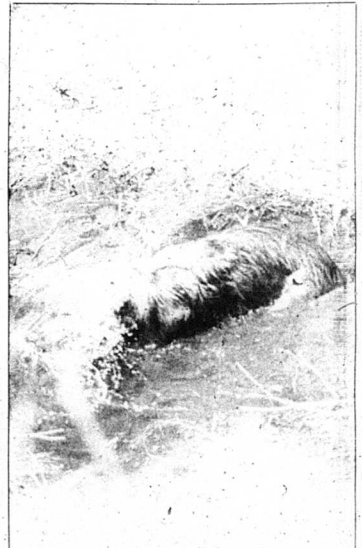

"I think we can save more than 10 percent," said Strang. "But we're using that for a figure. You get the right man, he can do it."

Mayor Thomas L. Altman pointed out that Strang had already located one area where the city could save up to 30 percent on a purchase, and said

Continued on page 2

THE DOG DAYS OF SUMMER are upon us, and even a pooch has to find a way to keep cool in the heat of the day. Upper left, Cricket stares at the cool water as if trying to decide whether to take the plunge. Center and lower right, happiness is getting wet.

Pahokee rate set at \$4.32

PAHOKEE - Pahokee's millage rate has been tentatively set at \$4.34 per \$1,000 property value.

The city council last week voted 3-0 to set the rate tentatively at the highest rate it could in anticipation of reducing the rate if possible after the city budget is developed.

None of the council members or other city officials present at that meeting knew what the rate would be. The city could have adopted a rate 115 percent higher than last year's rate,

but that would take a vote of a majority plus one. On the five-member council, that would require four votes.

Only three of the council members were present at that meeting, so they could only adopt a millage 108 percent higher than last year's.

A local employee of the property appraiser's office said the city's millage rate last year was \$4.72, but that, apparently, was incorrect. The new millage was based on a 1982-1983 rate of about \$4.21 per \$1,000 of value.

AN ACCIDENT took the Second Street bridge over the Hillsboro Canal out of use for a day earlier this week. Above,

the automobile that knocked over the rail sits precariously on the edge. No one was reported injured in the accident.

Purchasing agent

Continued from page 1

if a full-time employee was hired to do nothing but look for places to save money in purchases, the savings could more than pay for the cost of the department.

The city had a purchasing department until the summer of 1981 when then-city manager Rolfe Wagner phased it out.

The city commission budgeted the department again this year after Strang responded favorably to the idea and developed data which indicated the city could save money with a purchasing agent.

According to Strang, the administration had deducted 10 percent from the expenditures in the 1983-1984 budget proposal. It appeared to be an item where a purchasing agent could be expected to look for a savings.

In the general fund, the city could save a total of \$21,398 if a purchasing could knock off 10 percent of the cost. Another \$27,815 could be trimmed from the expenditures in the water and sewer budget, under the plan.

Much of the savings apparently could be derived from centralizing the purchasing of items and buying them in larger quantities.

Right now, each department head is responsible for purchasing his own department's supplies. Other departments may be purchasing similar supplies.

The purchasing department would be put in charge of all purchases, buying larger quantities at what city officials hope would be lower prices.

The city could save an estimated \$25,600 on just chemicals if the administration's estimations are correct.

Ten city departments purchase chemicals under the current arrangement. A total of \$256,625, has been budgeted for chemicals in the general and water and sewer funds.

Strang estimated if all the chemical purchases were centralized, the city could save about \$25,662.50.

The commissioners decided to establish the department with a purchasing agent and a secretary.

Altman suggested the agent may be able to get by with a part-time secretary, but other commissioners and Strang successfully argued in favor of a full-time secretary.

"It's obviously going to take some clerical support, but I don't think a full-time employee is necessary," said Altman.

"My opinion is, it's gonna take a full time secretary if all these things are gonna get done," said Commissioner Charles Goodlett.

He and Strang mentioned the secretary will have to handle filing and indexing and be able to answer the phone while the agent is out of the office.

"Okay, so we should budget

for a full-time secretary," said Altman.

"We're gonna have to supply some kind of transportation for a purchasing agent. That'll be some cost," said Strang.

"Why?" asked Altman.

"He's gonna spend a lot of time out in the field looking for good deals and checking with the departments to see what type of things they use and how much."

"Well, I envisioned a purchasing agent as spending most of his time on the phone, tracking down good deals," said Altman.

He suggested the city supply the agent with a used police car after the police department purchases replacement later in the budget year.

Strang said that would probably be acceptable.

"I wasn't figuring on buying a car, but there will be some expense," said Strang.

Strang said that if the city had a car, it would be a good idea to consider applying for funds to establish the department through the public service portion of the federal jobs bill that will make funds available later this year.

"I thought we were gonna try to take the code enforcement position out of that?" asked Strang. "There'd be no problem to shoot for two (positions)," said Harvin.

Murder charged

BELLE GLADE - A Belle Glade man is in custody after being charged for the murder of a man in a local bar Thursday afternoon, July 28.

According to Detective Norman Hevey, Bernard N. Robinson, 23, of 517 SW Avenue B Place, number 18 in Belle Glade, allegedly shot and killed Audrey Lee Webb, 19, of 417 SW Avenue C number five in Belle Glade after a dispute between the two over money and a girl.

The evening prior to the shooting, Robinson had reported to police that Webb had stolen about \$84 from him. Police had issued a warrant for Webb's arrest, but were unable to locate him before Robinson allegedly killed Webb.

In a videotaped confession, Robinson said he had acquired a .38 caliber pistol the day of the slaying and bought bullets for it with the intent to kill Webb. He told police he was tired of Webb "beating on" him.

At about 2:30 p.m. July 28, Robinson said he and his girlfriend, a cousin of Webb's, entered the Little Harlem Bar at 517 SW Avenue B Place, and Robinson started to play a video game.

He said Webb approached him and pulled him into the bathroom. Once in the bathroom, Webb allegedly argued with Robinson over Robinson's dating his cousin, and struck Robinson.

Robinson returned to the video game and Webb allegedly struck him in the face again. Robinson told police he left the bar through the front

door, went upstairs to his room, retrieved his gun and stuck it in the front of his pants.

He then went downstairs and re-entered the bar through the rear entrance. He located Webb at the video games and said he cleared other patrons away and shot Webb.

Webb was shot in the back, spun around and was shot four more times before collapsing into a storeroom doorway.

Robinson went to the bar where the bartender told him to leave and Robinson returned to Webb, who lie on the floor, and shot him once more, emptying the gun.

together?"

"I've got no problem," responded Harrelle.

"Well, neither do I. I guess we're ready to get down to work."

Cox suggested that the city commission may be able to retain its qualified, trained police if such a switch was made.

Mayor Donald Tanner told Cox that former Police Chief Burroughs had left the police force in March 1982 because he objected to the change in the city form of government, not because of any dispute with Harrelle.

Tanner pointed out that the previous form of government, the form Burroughs approved of, had a stronger city manager than the form the city is now operating under.

Harrelle gave the commissioners a copy of list of items that the interim police chief, Roy Humston, Jr., had completed since Charles Forrest left earlier this summer.

Harrelle said most of the items were items he had been badgering Forrest about for some time but were never completed under Forrest's tenure.

Cox asked why the commissioners weren't informed of that list sooner so they could be prepared to deal with problems when they come up.

Harrelle said he had provided Commissioner Rennick Morris, the police commissioner, with the list earlier but didn't make it a habit to discuss it with the other commissioners, figuring Morris could keep them informed of any potential problems arising out of departments he's responsible for.

Morris said he had the list added that he felt Humston was doing a good job and the commissioners should consider appointing him permanent chief.

"His (resume) is the best that I've seen there (in a stack of others for the job)," said Morris. "And since he is doing a fine job and is already in place, I say, unless we find someone better, we should consider putting him in permanently."

"Why don't we keep police officers?" asked Cox. It costs

us more to turnover and train (new ones)."

"Basically, it's salary," said Tanner.

Harrelle said that, in order for the police department to be as large and as well paid as most chiefs would want, it would cost about \$200,000 annually in salaries.

He pointed out that the force, which consists of six officers, will be increased by one new officer August 10.

Cox suggested that, since the city crime rate is reported to be lower than most other cities in the county, that extra salary be used instead to increase the salaries and benefits of the current officers in an effort to retain them.

Harrelle said that has been done in the past, but added that he expects more revenues to be available in the next year so the commission could make several improvements it has been putting off.

He said he expects two million dollars in new construction in the city in the next year, which will increase the city revenues, while costs are no longer increasing.

He said in previous years, the situation has been reversed and the city was faced with higher costs but no extra revenues.

"And What Not"

This column is new and improved

Today we bring you a new, improved, all-purpose column, thanks to the miracles of modern printing technology, a recent study conducted by unknown physicians, the result of years of laboratory research and too many years of watching TV.

- Discover for yourself why readers from coast to coast of Lake Okechobee are hailing this column as a step forward in retrogression.
- Here's what you get for your money:
 - No artificial ingredients. Contains no germs ideas that can foment inside your brain and disturb your natural balance of lethargy or interfere with daily regularity — your days will come and go right on schedule. And it's always fresh. Sometimes, too fresh.
 - Contains no calories. Eaten plain, it will add nothing to your girth or your anything else. In some cases it may take away your appetite altogether.
 - Instant relief. When taken with aspirin it relieves headaches. Take it with bicarb for indigestion. If whatever ails you persists, turn the page and read the legale. We make no unwarranted insertions.
 - Attractively packaged. What is sharper than black and white with a few off-color additions? And that's not all. Each week's column comes wrapped in layers of newspaper to protect it from shocks, blows, neighbors' dogs and heavy rainfall.
 - Fully guaranteed. If not satisfied with this week's after seven days, throw it away and try next week's which will be even newer than this week's. What other product can make that claim?

Saving money by spending money

It's a cliché. You have to spend money to make money.

And that's what the Belle Glade City Commission is doing in deciding to fund the creation of a purchasing department in the proposed 1983-1984 budget.

City officials estimate it will cost about \$37,000 to create and fund the department. They also estimate it can save a minimum of about \$49,000 next year if the right person is hired to head the new department.

That could result in a net savings of about \$11,000.

That sounds good to us.

It looks like a purchasing agent can save money, so we wonder why former City Manager Rolfe Wagner was so op-

posed to the concept in the summer of 1981 and went about dismantling the city's purchasing department.

At least current city officials aren't opposed to reversing that earlier, foolish action.

A purchasing agent could save the city money because he would be in charge of all purchases the city makes. He could be put in charge of everything from paper clips and toilet paper to chemicals and asphalt.

With his control over all the city purchases, he could buy in bulk and look for lower prices. Sort of like a salaried bargain hunter.

Any price he finds lower than the estimates would be a savings to the city.

City Manager W.E. "Tom" Strang told the commissioners that, although he based his budget projections on a 10 percent savings on purchases, he thinks a good purchasing agent could save more than 10 percent on purchases throughout the year.

While the decision to create, or recreate, the purchasing department may appear as just one more group of elected officials funding one more useless bureaucracy, we think this was a good idea.

We don't think the purchasing department needs to turn into a useless bureaucracy.

If operated properly, this will be money well spent ... and saved.

Letters

Eissey on the 1983 legislature

Editor:

I was privileged to observe the 1983 legislature closer than most citizens, and I have never been more proud of the part

played by our local delegation. They were always courteous and attentive to the needs of Palm Beach Junior College despite the enormous pressure of

the session. They worked tirelessly and very effectively for the citizens of the county and for Palm Beach Junior College.

I have already thanked them privately, and

I appreciate this opportunity to thank them publicly.

Edward M. Eissey
President, Palm Beach Junior College

Graydon on 'The price you pay'

Editor:

This letter is prompted by your editorial dated July 21, 1983. This editorial was entitled "The Price You Pay" in which, you gave your excessive journalistic privilege by being the judge and jury on my stand with the Palm Beach County School District. The City of Pahokee has proposed site for the proposed Pahokee Jr. Sr. High School. I have no quarrel with opinions of any kind, but I do expect journalistic ethics to require some opinions to be based upon correct and adequate information.

First of all, I think I should make it perfectly clear that I and the other citizens and taxpayers that signed petitions against the abandonment of the present schools and the proposed site was not. Jr. Sr. High School are not against a new school in Pahokee. Everyone is very appreciative that the School Board has finally seen the Glades area's needs. This "angry, and lonely prophet in the woods" as you so graciously described me will be glad to give you copies of the signed petitions.

Now, let's get down to some facts. You stated in your editorial that my opposition to the proposed site was that I didn't think the school should be built in that particular neighborhood (Larri-more Road) and that it would take about 40 acres of land off the city tax rolls. As I stated in our telephone conversation, you are overlooking numerous reasons for my opposition.

You also stated in your editorial that the proposed site may be an ideal location for a school in that it is close to the residential areas that include Annona Ave., Banyan Ave., Cypress Ave., Barfield Highway, Elm, Flame and Greentree. Have you checked the school's attendance records to see how many students come from this area? I think not!

How about Padgett Island, Fremd Village, East 7th St., McClure Road, Palm Blvd., Eisenhower, Jefferson, Amariyllis, Daniel Place, Carver Place, Booker Place, Adams Place, S. Coconut, Sago, Royal Palm, Sabal, N. Coconut?

You are aware that the City of Pahokee has proposed a Comprehensive Land Use Plan. This plan has been adhered to in a number of decisions that I have made while serving on the council. Evidently the site selection committee for the proposed Jr.-Sr. High School overlooked this one fact. The following are some recommendations and comments from the plan:

1. New residential units should be encouraged to locate in the areas adjacent to the already existing developed area. (The proposed site is between two existing developed areas, Ridgeway Gardens and Vetsville).
2. Five primary areas have been identified for new residential development. All of these areas are extensions of existing residential areas. (The proposed site is one of these areas).
3. To accommodate future residential development, the city should make certain an adequate amount of land is zoned for residential use. The land use plan projects the need for an additional 180 acres of residential land by 1995. (The proposed site is part of the acreage).

There are many other recommendations and comments in the plan and the school board should be aware of, but I am trying to be as brief as possible. I will be glad to furnish you a copy of the plan if you so desire.

Another area of my concern is from reading and studying the Management Review of the Palm Beach County School System prepared for the Economic Council of Palm Beach County by MGT of

America, Inc., Tallahassee, Florida, dated January 20, 1983. The MGT report offers some frightening information about tremendous capital funding shortfalls the school board will face in the next several years. This is certainly not the time to incurring any capital outlay in an area examining the school board's needs and the city's needs and the city's needs and the city's needs. This area would best serve the school board's needs and the city's needs and the city's needs. This area would best serve the school board's needs and the city's needs and the city's needs. This area would best serve the school board's needs and the city's needs and the city's needs.

I could go on about the fact that the Palm Beach County School System owns approximately 150 acres of the improved land in the Glades area now but desires to purchase another 40 acres. The Palm Beach County Department of Community Development recently acquired a parcel of land in Pahokee at a cost of \$33,428 per acre. You multiply this per acre cost times 40 acres and you have \$1,337,000 in land acquisition cost alone. Also, how did Pahokee Jr.-Sr. High School go from 208 existing satisfactory student stations in 1980 to zero (0) stations in 1982?

I will not go on, but I remember, we the taxpayers, will be paying for this for years to come.

Thanks for allowing me to respond to your editorial.

Ronnie Graydon
Pahokee Councilman

Is there ANYBODY out there?

If so, are you angry, happy, sad or just indifferent? We want to hear from you. Tell us what you think of the town you're living in and the people who run it. Tell us what you think of us. A letter to the editor can get your views across to others who may or may not feel the same way.

We encourage letters to the editor.

- No libelous content.
- No poetry.
- All letters should be signed.

Bribery arrest leads way to 1982 escapee

BELLE GLADE — Officers from the Glades substation of the Palm Beach County Sheriff's Department, working with officers from Glades Correctional Institute, arrested two individuals late last week for attempting to break an inmate out of the facility and for bribing a correctional officer.

The arrests also made it possible for law enforcement authorities to locate a convict who had escaped from GCI over a year ago.

That escaped convict was recaptured in New Jersey and will apparently be sent back to Florida to stand trial for escaping from a state institution.

According to a release prepared by Detective Steve Haller of the Sheriff's Office, Mirtha Lichina Mejia, 25, of Miami, and Egil Ingvaldsen, 22, of Fort Lauderdale, are in the Belle Glade jail facility under \$50,000 facing charges of aiding a state inmate to escape and offering a bribe.

Apparently, a corrections officer at GCI received a call about two weeks ago from a woman who inquired about the officer's ability to arrange an inmate's escape.

After the telephone call, the officer informed GCI Superintendent Robert V. Turner about the incident. Turner told officers at the Sheriff's Office, and the officer who received the call was set up as a plant.

All his conversations with the individuals seeking to arrange the escape were taped and

monitored by officers of the Sheriff's Department and GCI.

The officer and Mejia told him she would bring half the fee and the convict's son the next day.

Thursday, July 28, at about 3:45 p.m., the GCI officer and Mejia met at the Mini Plaza again. Mejia had brought along the convict's son, Egil Ingvaldsen, 22. She gave Mejia \$12,500, some clothes and a photograph of the convict, Erling Ingvaldsen, 43. The elder Ingvaldsen is serving a prison term for drug related charges.

Sheriff Department officers moved in at that time to make the arrests.

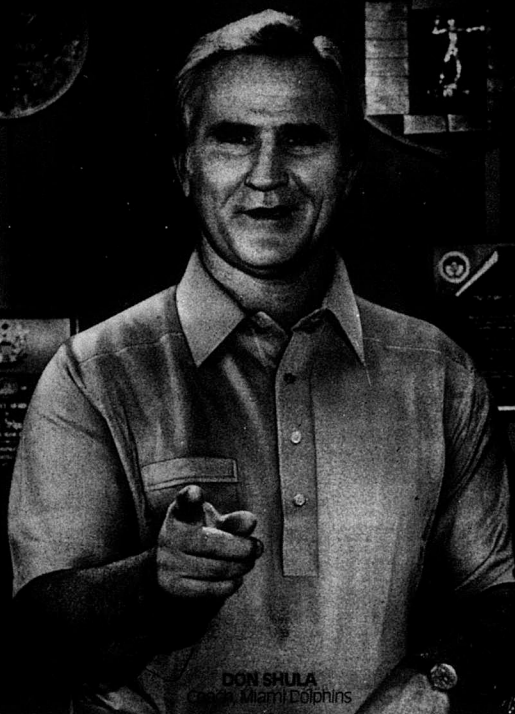

During the interviews after the arrests, authorities determined that a convict that escaped from GCI July 15, 1982, was possibly living in West New York, New Jersey. New Jersey officials were notified and the prisoner was apprehended.

Sheriff Department Detectives said the escaped convict, Luis Medina, 38, had left GCI last July under suspicious circumstances.

He was present early in the afternoon for a head count, but disappeared sometime between then and a head count later that day.

He is supposed to be extradited to Florida to face escape charges.

Okeelanta batters Sugar Supply for 15-8 victory

By JEFF BROWN

BELLE GLADE—Sugar Supply hung tough and tried to make a game out of it several times, but the bats of the opposition proved too much as the Okeelanta claimed a 15-8 victory Thursday, July 28.

Sugar Supply seemed to have found a chink in the Okeelanta armor in the first inning when it scored four runs on five hits and an Okeelanta error.

Jesus Santiago, leading off in the top of the first, reached first safely when Okeelanta's third baseman, Jack McClain, bobbled a grounder tapped his way.

Orlando Vazquez followed with a single into right field to put runners at first and third.

Carlos Rosario flew out to left center to advance Vazquez to second.

Vazquez and Santiago both came in when Mario Rodriguez sent a ball into center field for a single.

Fernando Trias followed with a single to put runners at the corners again and the next batter, George Ross, batted in Rodriguez with a single to left field.

Arnoldo Morles singled to left and Henry Thomas brought Trias in with a sacrifice fly to right field.

The top of the first ended when Edwin Losboa flew out to left field.

Sugar Supply's 4-0 lead wasn't relished for long. Okeelanta came back with nine runs on 10 hits and two Sugar Supply errors in the bottom of the inning to capture the lead.

Johannie Mac led off with an infield single to the second baseman. Rocco Oxford singled into right center to advance Mac to third.

Steve Ammons then hit a single into left to score Mac and Oxford.

Wes Goodale reached first on an error by Sugar Supply right fielder, Losboa, and Ammons scored.

Lefty Geise singled to right field and Jack McClain knocked in Goodale with a single to left field.

D. Shnela singled to right to score Geise.

Mike Penual reached second base when Sugar Supply's third baseman, George Ross, erred on a grounder, allowing McClain to score.

Ronnie Hart followed with a single into left field to knock in Shnela.

With one out, Johnnie Mac, batting for the second time that inning, dropped a single into left field. Penual, standing at second base when the ball was hit, tried to score on the play, but Sugar Supply left fielder Mario Rodriguez recovered the ball and relayed it to catcher Edwin Sotomayor who applied the tag for the second out.

Oxford, also batting for the second time that inning, drove in Hart and Mac with a single into left field.

He advanced to second when Ammons collected his second hit of the inning, but Goodale made the last out with fly out to right field.

Sugar Supply was three up and three down in the top of the second. Okeelanta put its lead batter, Geise, on base in the bottom of the inning when he singled to center.

Geise advanced to second when Jack McClain flew out to left, and he took third when Shnela singled to right field.

Sugar Supply got out of the inning when the next batter, Mike Penual, grounded to shortstop Carlos Rosario. Rosario cleanly fielded the ball and relayed it to Santiago at second for the force.

Santiago got the ball to first baseman Henry Thomas in time for the double play.

Okeelanta returned the favor in the top of the third.

With one out and Mario Rodriguez at first for Sugar Supply, Trias grounded to shortstop Mac who sent the ball to Goodale at second for the first out of the double play. Goodale got the ball to Penual at first in time to end the inning.

Okeelanta added two more runs to its lead in the bottom of the third.

Ronnie Hart singled into center field to lead off the Okeelanta half of the inning. He took second when Curt Barton flew out to right field, and he

went into third when Mac singled to right field.

Oxford drove in Hart with a single into center and Mac scored when Ammons sacrificed into left. Sugar Supply was down 11-4 going into the fourth, but they came back with three runs in the top of the inning.

Ross and Morles hit back to back singles to lead off the inning.

Thomas hit a third consecutive single into left field to drive in Ross and Lisboa drove in Morles with a single to right.

Thomas advanced to third when Sotomayor tapped a grounder to shortstop which was relayed to second for the force out of Lisboa.

Sotomayor was forced out at third for the second out but Thomas scored when Santiago flew to shallow left field.

Left fielder Shnela returned the ball to McClain at third to gain the force out.

The next batter, Vazquez, tried to beat an infield grounder out for a single, but pitcher Barton reached the bag about a step ahead of him for the force out to end the inning.

Okeelanta took back two of the runs in the bottom of the inning.

Geise led off with a single up the middle of the infield.

McClain followed with a two-run homer over the left field fence.

Hart and Barton hit back-to-back singles with two out but the weren't brought around.

In the top of the fifth, Sugar Supply's Mario Rodriguez singled with one out. He advanced to third on a single into right by Trias and Ross brought him home with a sacrifice fly.

Okeelanta completed the game's scoring in the bottom of the inning when Oxford and Ammons hit homers to lead off the inning.

Both balls went over the center field fence.

Sugar Supply threatened win the sixth, but Okeelanta's second double play prevented any scoring.

Thomas singled and advanced to second when Lisboa singled to center.

Sotomayor grounded to shortstop Mac who threw the ball to third baseman McClain for the force out of Thomas. McClain threw the ball across the diamond to first baseman Penual in time for the double play.

The next batter, Santiago, grounded out to second.

Sugar Supply stopped an Okeelanta threat with a double play in the bottom of the inning.

With one out, Barton reached second with a single into right field.

Mac, the next batter, sent a rocket to first baseman Thomas. Thomas snagged the ball and, seeing Barton off first and leaning to second, tackled him, applied the tag and ended the inning.

Sugar Supply went down in order in the seventh to end the game.

Sugar Supply	ab	r	h	i	Okeelanta	ab	r	h	i

Players of the week

Infielders swing bats to take weekly honors

Two infielders did a lot of bat swinging last week to earn the Players of the Week honors.

Henry Thomas, the first baseman with Sugar Supply, collected four hits in six at bats last week to take the A Division honor.

He rapped two singles in four trips to the plate against Hutton Brothers as his team put together a 14-5 victory.

Thomas scored one run and knocked in two.

He went two for two in a losing effort against Okeelanta, knocking in two of Sugar Supply's eight runs.

In the B Division, infielder Steve Kirkland helped Crosby Mobile Homes to two victories in three games.

Against Larry's, he went two for four with a double, a single, two runs batted in, two runs and a base on balls.

Crosby Mobile Homes won that game 13-10.

In a defeat at the hands of Theo's, Kirkland singled in three at bats. He scored one run as his team lost 12-3.

When Crosby Mobile Homes met Carter Electric and came away with a 20-13 victory, Kirkland was one of their big bats. He walked once, singled twice, and doubled once in four trips to the plate. He scored four runs and batted in two others.

Price, Butts engaged

Alvin L. and Ollie Owens of West Palm Beach announce the engagement of their daughter, Charlotte Price to Charles Butts, Jr., the son of Charles and Ruby Butts, Sr. of Belle Glade.

Couple set date

The wedding will be held Saturday, August 6, at 7 p.m. in the First Baptist Church, 401 S.W. 4th St., Okeechobee, with the Rev. Richard E. Whipple officiating.

Obituary

WILL KNIGHT ULM

Will K. Ulm, 70, of 108 N.W. Avenue J in Belle Glade, died July 25, 1983 at the Helen Wilkes Residence Nursing Home in Lake Park after a lingering illness.

He was a native of Luverne, Alabama, and has lived in Belle Glade for the past 20 years. He was a veteran of World War II, serving in the U.S. Army battle

campaigns in France, Central Europe, and Italy. He was awarded a number of honorary medals for his military service. Town of the Purple Heart.

He was a member of the Church of Christ. He was a vegetable produce inspector for the State of Florida.

His survivors include his wife Josephine Ulm of Belle Glade and one brother, C.S. Ulm of Luverne, Alabama.

Funeral services were held at Mixson's Funeral Chapel July 27, 2:00 p.m., with David T. Evans, pastor of the Everglades Presbyterian Church, officiating. Interment services followed at Hillcrest Memorial Park cemetery in West Palm Beach.

Mixson Funeral Home in Belle Glade was in charge of arrangements.

He was a member of the Church of Christ. He was a vegetable produce inspector for the State of Florida.

Mixson Funeral Home in Belle Glade was in charge of arrangements.

He was a member of the Church of Christ. He was a vegetable produce inspector for the State of Florida.

2 local men to be listed

Two Glades residents will be listed in the 1983 edition of "Outstanding Young Men of America."

John Lloyd Asberry of 1102 SW Avenue A in Belle Glade and Myles H. Wilkinson of 1345 East Main Street in Pahokee will be listed in the book which was established to recognize "the achievements and

abilities of men between the ages of 21 and 36," according to a release from the publisher's board of advisors.

These men are being honored for their outstanding civic and professional contribution to their community, their states and their nation, the release continued.

The two men listed were chosen from nominations received from various civic and community leaders.

The criteria for inclusion in the book includes the individual's volunteer service to the community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation, the release stated.

Killing

Continued from page 2

As Robinson left the bar, his brother apparently took the gun and hid it. Robinson was picked up at his mother's house later that day and arrested for first degree murder and grand theft.

The grand theft charge stems from the theft of the gun used in the attack. The gun was stolen from Connell's Hardware earlier that day, and store personnel have identified Robinson as the individual who took the gun. Webb suffered six gunshot wounds: one in the back, one in the leg, one in the stomach, one in the neck and two in the stomach.

In a video taped confession, Robinson told police he didn't mean to kill Webb. Police found the gun under some rubbish behind 609 SW Avenue E in Belle Glade. Robinson's brother showed them where he hid it.

Kiwanis club will sponsor tournament

BELLE GLADE — The Kiwanis Club of the Glades is sponsoring a softball tournament to be played August 19-21 at Belle Glade's Airport Park. All proceeds from the tournament are slated to benefit the fight against muscular dystrophy.

The deadline for teams wanting to enter the tournament is August 15, and the entry fee is \$100.

Tom Bonavia, the event's chairman, said the club is trying to limit the double-elimination tournament to 24 teams.

He said there will be two divisions. In the open division, teams may bring unlimited power hitters.

The restricted division rules state that

Football players to meet

BELLE GLADE — Glades Central High School athletes planning to participate in football for the 1983 school year will meet with Coach Dan Brown Saturday, August 6 at 2 p.m. at the Glades Central High School field house.

all over-the-fence home runs will be a single. Bonavia said there will be first, second and third place team trophies in each division and windbreakers for each member of the first place teams in each division.

The draw will be August 17 and teams should provide the club with a 15-man roster when they turn in the line-ups for the first game.

A 10-run slaughter rule after five innings will be in effect in every game except the finals and Amateur Softball Association umpires will be used.

Entry forms can be found at the concession stand at Airport Park and all checks should be made to the Kiwanis Club of the Glades, PO Box 297, Belle Glade.

Any questions should be directed to Tom Bonavia at 996-1299 after 6 p.m.
